COURSE DESCRIPTION

We are pleased to announce the 3rd edition of our course entitled "Recent Advances in Oncologic Surgical Pathology". The course is organized by the Department of Anatomic Pathology, General Hospital, Udine (Italy) and shall provide the highest level of subspecialty instruction by a distinguished faculty drawn from internationally recognized experts.

The educational event shall include 2 days of slide seminars and conferences addressing issues related to lung and pleura, thymus, head and neck, melanocytic and non-melanocytic skin tumors, highlighting diagnostic challenges, illustrating potential pitfalls and how to avoid them, and presenting recently described entities in surgical pathology.

Course faculty will include Cesar A. Moran (M.D. Anderson Cancer Center, Houston), Saul Suster (Medical College of Wisconsin, Milwaukee), Paul E. Wakely jr (Ohio State University, Columbus, Ohio) and Mark R. Wick (Charlottesville, Virginia).

Early registrants will receive a personal glass slide set (about 25 HE stained recuts) for advance home study. Images on electronic support shall be provided to all the other registrants. An interactive outlay will be used to maximize participation and promote discussion.

The greatest educational feedback is expected for community hospital pathologists, young practitioners and pathology residents. The course goal is to provide participants with practical and meaningful information relevant to diagnostic task, prognostic assessment and therapy guidance of cancer patients. The course is intended for a broad audience; however, it is primarily designed for diagnosticians devoting most of their efforts to practical surgical pathology. The course organizers encourage the participation of anatomic pathology residents.

GENERAL INFORMATION

Meeting program: Conference titles and time blocks are outlined at pages 4, 5 and 8.

Location of the Course: The course will be held in Udine, Italy, a town of approximately 100,000 inhabitants in the center plain of the Friuli Venezia Giulia region of Northeast Italy. Udine is 95 kilometers south of Austria's alpine belt and about 50 kilometers north of the Adriatic sea tip. It can be reached via train (line track Venice to Austria), car (Motorway Venice to Palmanova to Tarvisio, via A4-A23), or plane. Trieste International Airport is 38 kilometers away (Motorway Airport – Palmanova – Udine, via A4-A23) and has daily flights from Rome and Milan; international flights from London, Munich, Paris and several eastern European cities are also available. Nearby tourist spots include Venice (about 2 hours away by train) and Trieste (about 1 hour away by train and by car).

Meeting Venue: Congress Center, Hotel Là di Moret, Viale Tricesimo 276 - 33100 Udine, Italy.
www.ladimoret.it

Registration: To register for the Course participants are kindly requested to fill in the registration form and send it back to the Organising Secretariat together with payment of the registration fee. The registration fee includes attendance to scientific sessions and a teaching set (a course syllabus, a CD-rom with case images and a glass slide box, if available). A reduced fee is available for members of the SIAPEC and the IAP/Italian Branch, as well as members of any world pathologic society. A special reduced fee is also available to pathology residents. Participation is limited to 80 registrants and enrollment is on a first-come, first-served basis. Early application is advised. Please mind that the Organising Secretariat will be closed for Summer Holidays from August 4th 2008 to August 24th 2008.
