

**Please forward this opportunity to potential applicants.**

Applications are invited from young pathologist IAP members from underserved countries to apply for Bursaries to virtually attend the [Sydney 2022 Congress](#).

The virtual component will be delivered from 11-13 October 2022.

- Applicants should be from underserved countries
- Applicants must be 40 years old or less than at the time of application.
- A small number of Senior Bursaries are available on a case-by-case basis
- Applicants must submit an abstract to the Congress via the Congress Website (<https://iap2022.com/call-for-abstracts/>)
- **Please state in the abstract submission that this is for an IAP Bursary Application.**
- Applicants will only be notified of the result of their applications following acceptance of their abstract by the Congress Organizing Committee. Please note this is a SEPARATE process from the Bursary applications and must be done independently.
- Bursary recipients MUST write a brief report to the IAP Education Committee Chair after the Congress.
- Bursary recipients should share the educational materials of the Congress with pathologists of their home countries
- **Applications should reach the Education Committee of the IAP using the form below no later than 1 April 2022.** Successful applicants will be notified after the completion of the Abstract Review process by the organizers of Sydney IAP 2022 Congress.

**[To apply for an IAP Bursary, use this link:](#)**

[2022 XXXIV Sydney IAP Bursary Applications \(iapcentral.org\)](#)

Applications for an IAP bursary should consist of:

1. A covering letter saying why you are applying
2. A brief CV, including age, full address, email address and career status.
3. If there is an IAP Division in your home country or region, that should be stated.
4. Names, full addresses and email addresses of two referees
5. Abstract ID# and Title of the Abstract submitted on the Congress website shown above.
